RESEARCH INTERESTS

Prejudice, Persuasion, Stereotypes, Intergroup Conflicts, Identity Formation, Social Interaction, Social Support, Group Identity, Ingroup vs. Outgroup Interactions, Decision-Making

EDUCATION

University of Utah, Utah - *Bachelor's of Science in Psychology*

August 2021 - May 2024

Relevant Coursework: Social Psychology; Attitudes and Persuasion; Science and Practice of Clinical Psychology; Cross-Cultural Psychology; Psychology Research Methods

Honors and Awards: High Honors, Dean's List: 2021-2024

University of Utah, Utah - *Bachelor's of Science in Sociology*

August 2021 - May 2024

Relevant Coursework: Social Theory; Social Epidemiology, Sociology Statistics; Sociology Research Methods

Honors and Awards: High Honors, Dean's List: 2021-2024

Weber State University, Utah - *Associate's of General Studies*

May 2021

Honors and Awards: High Honors, Graduated Summa Cum Laude

RESEARCH EXPERIENCE

Peace & Intergroup Conflict Lab, University of Utah - *Lab Manager*

August 2024 - Present

- Oversaw the day-to-day operations of the lab, including managing personnel and ordering supplies.
- Authored the Lab Manual with input from lab personnel to ensure that all important information can be found in a central source.
- Assisted in developing laboratory processes to maximize efficiency and standardize research.

-
- Led the recruitment process for multiple Research Assistants by crafting and posting openings and reviewing applications.

JBR Clinical Research, LLC - *Research Coordinator*

June 2024 - Present

- Collected, prepared, and submitted documentation to various sponsors/CROs during study start-up, including submission documents/approvals, protocol amendments with respective signature pages, informed consent documents, FDA form 1572, lab normal result documents, financial disclosure forms, and delegation of authority logs.
- Collected, prepared, and submitted documentation to institutional review boards for all ongoing and new trials.
- Served as a liaison between the IRB, site, and investigator.
- Maintained and tracked current staff credentials (i.e., CV, certifications, etc.)
- Acted as a resource to other staff members with regulatory questions.
- Adhered to existing standard operating procedures, performed training on SOPs for the staff, and drafted new SOPs when necessary.
- Maintained regulatory documents for ongoing trials, and ensured all appropriate regulatory documents are archived at the conclusion of the study.

Vision, Audition, Action in Space & Time Lab, University of Utah - *Lab Manager*

May 2024 - Present

- Managed a team of researchers and assistants, providing guidance on lab protocols, safety measures, and experimental procedures.
- Led the recruitment process for multiple Research Assistants by crafting and posting openings and reviewing applications.
- Conducted structured interviews to assess candidates' qualifications, research skills, and compatibility with the lab's needs. Developed interview questions tailored to gauge technical proficiency, problem-solving abilities, and teamwork.
- Collaborated with senior researchers to evaluate candidates and select the most suitable individuals for specific research projects.
- Facilitated onboarding for new Research Assistants, providing training on lab protocols, safety procedures, and project-specific methodologies.

Vision, Audition, Action in Space & Time Lab, University of Utah - *Research Assistant*

Project: Augmented Reality Cues for Navigational Success

August 2023 - May 2024

- Explored how people navigate around threats in virtual reality

-
- Worked independently in a laboratory environment
 - Maintained up-to-date records of research activities and results for future reference.
 - Collected research data through experimentation and surveys
 - Coordinated participant appointments and laboratory schedules
 - Oversaw compliance to research protocols; managed quality control and completion and submission of study-related documentation
 - Communicated with team efficiently about any adverse events and protocol deviations that occurred during study visits
 - Searched sources such as reference works, documents, statistical records and evaluated applicability of collected data to research project

Vision, Audition, Action in Space & Time Lab, University of Utah - *Research Assistant*

Project: Effect of Hearing on Navigation in Virtual Reality

April 2023 - August 2023

- Assisted with the Effect of Hearing on Navigation in Virtual Reality experiment studying the relative weight that individuals place on their hearing during normal and sensory-impaired navigation.
- Assisted in workshopping study design and procedures
- Reviewed the results obtained from the pilot experiment and provided suggestions on adjusting procedures to produce more accurate results for the main experiment.
- Develop strong working relationships and maintained effective communication with study team members
- Adhered to an IRB approved protocol
- Assisted in the informed consent process of research participants
- Supported the safety of research participants
- Coordinated protocol related to research procedures, study visits, and follow-ups

TEACHING EXPERIENCE

Psychology 1010, University of Utah - *Teaching Assistant*

August 2023 - December 2023

- Helped with grading assignments and tests - providing constructive feedback to students based on scores.
- Assisted with document coordination to maintain a positive learning environment.
- Graded papers and assignments based on devised rubrics.
- Maintain confidentiality of student information in agreement with FERPA standards.
